GeoJournal

An International Journal on Human Geography and Environmental Sciences

Contents volume 49 nos. 1–4 1999

Volume 49 no. 1 1999

Containerization, the Atlantic and beyond

Special Issue on:

Post-socialist urban transition in Eastern and Central Europe

Edited by: ZOLTÁN KOVÁCS

Cities from state-socialism to global capitalism: an introduction
Zoltán Kovács 1–6

Characteristics of post-socialist urban transformation in East Central Europe
Ulrike Sailer-Fliege 7–16

No longer working for the state: residual state sector versus private sector
Vic Duke 17–24

Shortage in the midst of plenty: Labour strategies in four Central and Eastern European cities
Mike Ingham, Zoltán Dövényi 25–33

The role of privatisation in post socialist urban transition: Budapest, Kraków, Prague and Warsaw
Keith Grime 35–42

Urban development in East Germany – specific features of urban transformation processes
Reinhard Wießner 43–51

Migration from the city to the countryside in Hungary and Poland
Herman Kok 53–62

Budapest's built environment in transition
Alain Dingsdale 63–78

Changes in the internal spatial structure of post-communist Prague
Luděk Sýkora 79–89

Warsaw under transformation: new tendencies in the housing market
Tuna Tasan 91–103

Old cities, new pasts: Heritage planning in selected cities of Central Europe
G.J. Ashworth, J.E. Tunbridge 105–116

Russian cities at a crossroads
Andrei Treivish, Izolde Brade, Tatyana Nefedova 117–129

Volume 49 no. 2 1999

Special Issue on:

Urban hazards and risks; consequences of large eruptions and earthquakes

Edited by: JEAN-CLAUDE THOURET

Urban hazards and risks; consequences of earthquakes and volcanic eruptions: an introduction
Jean-Claude Thouret 131–135

Megacities and natural disasters: a comparative analysis
James K. Mitchell 137–142

Urban steeplands in the tropics: an environment of accelerated erosion
Avijit Gupta, Rafi Ahmad 143–150

Monitoring of hazards and urban growth in Villavicencio, Colombia, using scanned air photos and satellite imagery
Jan J. Nossin 151–158

The use of 3-D mapping in geological research and risks analysis: evaluation of a water supply project in the Kathmandu-Melamchi Area
C. Bardinet, E. Bournay 159–163

A geo-environmental map for the sustainable development of the Kathmandu Valley, Nepal
Omkar M. Shrestha, Achyuta Koirala, Jörg Hanisch, Klaus Busch, Martin Kerntke, Stefan Jäger 165–172

Lahar hazard micro-zonation and risk assessment in Yogyakarta city, Indonesia
Franck Lavigne 173–183

Earthquake risk management pilot project in Quito, Ecuador
J.-L. Chatelain, B. Tucker, B. Guillier, F. Kaneko, H. Yepes, J. Fernandez, J. Valverde, G. Hoefer, M. Souris, E. Dupérier, T. Yamada, G. Bustamante, C. Villacis 185–196

A geographic approach of the global vulnerability in urban area: case of Manizales, Colombian Andes
Anne-Catherine Chardon 197–212

Political and scientific uncertainties in volcanic risk management: The yellow alert in Quito in October 1998
Pascale Metzger, Robert D'Ercole, Alexis Sierra 213–221

Analysis of the institutional and social responses to the eruption and the lahars of Mount Pinatubo volcano from 1991 to 1998 (Central Luzon, Philippines)
Frédéric Leone, Jean-Christophe Gaillard 223–238

Volume 49 no. 3 1999

Special Issue on:

Urban development, planning and environment in Asia

Edited by: TAI-CHEE WONG and ANDREW M. MARTON

Urban development, planning and environment in Asia: an introduction
Tai-Chee Wong, Andrew M. Marton 239–243

Rural industrialization in China's lower Yangzi delta: Institutionalizing transactional networks
Andrew M. Marton 245–255

Diminishing farmland and urban development in China: 1993–1996
Sun Sheng Han, Chun Xing He 257–267

Urbanization and sustainable metropolitan development in China: Patterns, problems and prospects
Roger C.K. Chan, Yao Shimou 269–277

The transition from physical infrastructure to infostructure: infrastructure as a modernising agent in Singapore
Tai-Chee Wong 279–288

Downtown office location dynamics and transformation of central Seoul, Korea
Kee-Bom Nahm 289–299

Economic reforms and the New Master Plan of Ho Chi Minh City, Vietnam: Implementation issues and policy recommendations
Huong Ha, Tai-Chee Wong 301–309

Urban land consolidation: a review of policy and procedures in Indonesia and other Asian countries
P. Agrawal 311–322

Nature and the Singapore resident
Belinda Yuen, Lily Kong, Clive Briffett 323–331

Environmental impact assessment in Southeast Asia: fact and fiction?
C. Briffett 333–338

Volume 49 no. 4 1999

Special Issue on:

Learning and regional development: theoretical issues and empirical evidence

Edited by: RON BOSCHMA

Learning and regional development
Ron Boschma 339–343

Interactive learning and localised knowledge in globalising learning economies
Bjørn T. Asheim 345–352

Two ways to look at learning regions in the context of globalization: The homogenizing and particularizing approaches
Olivier Crevoisier 353–361

Activity-specificity in organizational learning: implications for analysing the role of proximity
Päivi Oinas 363–372

Is geographical proximity necessary in the innovation networks in the era of global economy?
Alain Rallet, André Torre 373–380

Externalities, knowledge spillovers and the spatial distribution of innovation
Raffaele Paci and Stefano Usai 381–390

The prospects of an adjustment policy based on collective learning in old industrial regions
Ron Boschma, Jan Lambooy 391–399

Learning and local competitiveness: the case of Turin
Paolo Giaccaria 401–410
